**PFR Program Overview**

Established on March 14, 2008, the Robeson County Family Drug Treatment Court (RCFDTC) began as a component of the Robeson County Bridges for Families collaborative. The RCFDTC has successfully partnered with the Robeson County Department of Social Services, Robeson County Guardian Ad Litem, and Robeson Healthcare Corporation (RHCC) since its inception. RHCC is considered a leader in North Carolina’s primary and preventative health care and substance abuse services to the residents of our service area. RHCC is a private nonprofit Federally Qualified Health Center (FQHC) and is accredited by the Joint Commission. The RCFDC and its key partners believe that families struggling with substance use disorders in Robeson County have benefited tremendously from the collaborative work.

**PFR Goals**

- Increase family reunification and positive family relationships.
- Address recovery for substance-involved parents.
- Help families overcome trauma-related difficulties.
- Create an environment that will permit children to experience a high quality atmosphere while helping to develop their cognitive, social, and behavioral abilities.
