

DRAFT: NCTCC Plan of Safe Care Flow Chart

*(family wellness team and bi-monthly team meetings)

Prenatal Period

DRAFT: NCTCC Plan of Safe Care Flow Chart

Releases of Information signed so information can be shared and care is coordinated as needed

BIRTH EVENT TO 10 DAYS AFTER BIRTH OF INFANT

Upon delivery, if mother tests positive for substance or infant displays symptoms, hospital social worker contacts Tribal and County Social Services

- Hospital social worker provides *Plan of Safe Care* (if there is one) to Tribal and County social workers
- Tribal and County social worker conduct joint visit to hospital, conduct joint risk assessment and make screening determination; if possible they contact family advocate before meeting with family at the hospital
- Joint investigation leads to one of the following determinations:
 - File petition in Humboldt or Del Norte Superior Court to open a dependency case
 - File petition in Joint Family Wellness Court to open a case
 - File petition in Tribal Court to open a case
 - No case opened in favor of continuum of services through Healthy Circles

BIRTH EVENT TO 10 DAYS AFTER BIRTH OF INFANT (Cont.)

- If mother is not enrolled in Healthy Circles and no mandated report to County Child Welfare Services is required or determination is no case opened (see above 4th bullet), then either the hospital social worker, county child welfare worker, and/or tribal social worker will offer the Healthy Circles pilot to her,
- If she is interested, then the social worker contacts the family advocate
- Family Advocate meets with mother at the hospital or as soon after as possible at her home
- Family Advocate convenes healthy circle team meeting within 10 days of baby's birth either to develop *Plan of Safe Care* or review existing *Plan*

POSTPARTUM PERIOD

- Family Advocate convenes healthy circle bi-monthly meetings during which mother's *Plan of Safe Care* is reviewed and updated to support family and transition to the Family's Empowerment Plan
- Family Empowerment Plan is reviewed monthly for as long as mother wants to remain engaged in the Healthy Circle pilot and receive the continuum of care

Birth and Post Partum Period
